There are almost 8 billion humans living on Earth, but it's tricky to picture so many people! So instead, let's imagine the whole planet is a village where 100 people live -- each person representing around 80 million people in the real world. So what does our global village of 100 people look like? Are they all grown-ups? Are there more males or females? How many have black hair or blue eyes? What languages do they speak? Who can read and write? How many have access to the internet or have enough food to eat? Does everyone have access to electricity or clean water? Big ideas are broken into bitesize chunks through clever illustration and graphic design. If we focus on just 100 people, it's easier to see the things we have in common, and the things that make us different. So come and meet the people in our global village, and think about the big questions that affect us all!

Whether in science, the arts, sports or activism, women and girls throughout history have been determined to break barriers and change the status quo. They haven't let anyone get in their way and have helped us better understand our world and what's possible. In this companion book to 'She Persisted: 13 American Women Who Changed the World', Chelsea Clinton introduces readers to a group of thirteen incredible women who have shaped history all across the globe. 'She Persisted Around the World' is a book for everyone who has ever aimed high and been told to step down, for everyone who has ever raised their voice and been told to quiet down, and for everyone who has ever felt small, unimportant or unworthy.
630877	She persisted: 13 American women who changed the world Clinton, Chelsea & Boiger, Alexandra (ill)	Penguin USA	2017	9781524741723	Throughout American history, there have always been women who have spoken out for what's right, even when they have to fight to be heard. In early 2017, Senator Elizabeth Warren's refusal to be silenced in the Senate inspired a spontaneous celebration of women who persevered in the face of adversity. In this book, Chelsea Clinton celebrates thirteen American women who helped shape our country through their tenacity, sometimes through speaking out, sometimes by staying seated, sometimes by captivating an audience. They all certainly persisted. 'She Persisted' is for everyone who has ever wanted to speak up but has been told to quiet down, for everyone who has ever tried to reach for the stars but was told to sit down, and for everyone who has ever been made to feel unworthy or unimportant or small.
